make mf play?

set electron lab --oscill, computs etc , tools--not too nerdy

big argu was she like a zener diode/repet interweave
I kn[illegible] others id call z d

I don't, no way. no one like her.

I'v ehd moods i could call z d moods so you could say

mood not the same

circum her duties--answer phone type report fm disc drafts

told her lots of times to take some time off take a long
lunch once in a while

can't say we're slavedrivers, but to ourselves

we don't know how to be employ
